How do you get your software?

Step 1: Software download

- **You get the setup file here: https://stuteapps.de/index.php/en/manuals. Choose a software product.**

- **Click at the link for the setup file and start the download, e.g. SCOREmaster123**

Step 2: Install the software

- **Run the downloaded setup file**

- **Confirm the MS-Windows messages as follows: Click on "More Information" and "Run anyway"**

- **Follow the instructions of the setup program**

- **Finally you find the program icon at the desktop and program menue**

You get the App version in the app stores from Apple and Android.
